PAKPOOM SRISEN

SENIOR FULL-STACK DEVELOPER

prkpwm@gmail.com (+66) 95-187-2661 resume-prkpwm.web.app

linkedin.com/in/prkpwm Ratchathewi, Bangkok, Thailand

SUMMARY

Senior Full-Stack Developer with 5 years of experience building scalable, high-performance applications using Angular, Go, and Node.js. Provides technical leadership across the software development lifecycle, from architecture and estimation to delivery execution. Skilled at aligning business objectives with technical solutions in fast-paced Agile environments.

PROFESSIONAL SKILLS

PROGRAMMING LANGUAGES

TypeScript | JavaScript | Go | Python | Java

FRAMEWORKS & LIBRARIES

Angular | Node.js | NestJS | ReactJS | GraphQL | TailwindCSS

DATABASES

MySQL | PostgreSQL | MongoDB

DEVOPS & TOOLS

Docker | Kubernetes | Jenkins | AWS | Git | CI/CD | Nginx | Splunk | Rundeck | Robot Framework | Jest

CORE STRENGTHS

- Technical Leadership & Team Ownership
- Scalable Architecture & System Design
- Agile/Scrum Delivery & Planning
- Performance Optimization & Security
- Cross-functional Collaboration

EDUCATION

Bachelor of Science in Computer Science

King Mongkut's University of Technology North Bangkok

2017 – 2021

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer

May 2025 – Present

True Corporation Public Co., Ltd. — Bangkok, Thailand

Outsource

KEY RESPONSIBILITIES

- Lead full-stack development using Golang, Angular 1 & 18–20 for enterprise-scale applications.
- Architect and deliver RESTful APIs & WebSocket services; manage PostgreSQL, MySQL, MongoDB.
- Orchestrate containerized deployments via Docker & Kubernetes with CI/CD pipeline integration.
- Drive Agile ceremonies: sprint planning, stand-ups, estimation, capacity planning & code reviews.
- Mentor and manage developers; oversee task allocation, delivery timelines, and quality standards.

TECH STACK: Angular, TypeScript, JavaScript, TailwindCSS, Go, Node.js, Python, Robot Framework, MySQL, PostgreSQL, MongoDB, Docker, Kubernetes

Full Stack Developer

May 2023 – Apr 2025 (2 years)

TISCO Financial Group Public Co., Ltd. — Bangkok, Thailand

Outsource

KEY RESPONSIBILITIES

- Built Angular 14–15 frontends with TypeScript, HTML5, CSS3; backend services in Node.js, Python, Scala, Java & Go.
- Integrated SQL & MongoDB; ensured quality via unit testing, security testing & performance optimization.
- Deployed to SIT, UAT & Production; collaborated in Agile/Scrum for on-schedule incremental delivery.

TECH STACK: Angular, JavaScript, TypeScript, TailwindCSS, Node.js, NestJS, Scala, Java, Go, SQL, MongoDB, Jenkins, Splunk, Rundeck, Robot Framework, Jest, Jasper

Mid-Level Full Stack Web Developer

Dec 2021 – Apr 2023 (1 Year 5 Months)

ITOPPLUS Co., Ltd. — Bangkok, Thailand

Permanent

KEY RESPONSIBILITIES

- Developed Angular 14–15 frontend features with TypeScript & EJS; backend via Node.js & GraphQL.
- Managed MongoDB & MySQL data layers; enhanced scalability, security & system performance.
- Implemented automated testing with Robot Framework & Jest to improve code reliability.

TECH STACK: Angular, TypeScript, TailwindCSS, Node.js, GraphQL, EJS, MongoDB, MySQL, Robot Framework, Jest, Git, Docker, CI/CD, Nginx, C#, HTML5, CSS3

Full Stack Software Engineer

Jun 2021 – Nov 2021 (6 Months)

GridWhiz (Thailand) Co., Ltd. — Bangkok, Thailand

Permanent

KEY RESPONSIBILITIES

- Built ReactJS frontends and Python/Go backends for AI, IoT & Big Data platforms.
- Leveraged computer vision (OpenCV, YOLO) and machine learning for intelligent web solutions.

TECH STACK: ReactJS, JavaScript, Python, Go, OpenCV, Yolo, MongoDB, Flask, Git, Docker, Nginx, HTML5, CSS3

KEY ACHIEVEMENTS

Led Cross-Functional Teams

Successfully led multiple Agile teams to deliver enterprise-level solutions on time and within scope.

Built Scalable Real-Time Systems

Designed and developed high-performance applications supporting REST APIs and WebSocket communication.

Improved Delivery Efficiency

Implemented structured estimation and planning processes that increased team throughput and predictability.
